

Bridging Aerospace and Defense Compliance Gaps . . . *Optimized*

GLOBAL AVIONICS CERTIFICATION COURSES, WORKSHOPS AND LEARNING EXPERIENCES FOR KEY AEROSPACE APPLICATIONS

In Avionics, there's nothing better than interactive training. The volume of densely detailed topics combined with the need to apply real-world knowledge means reading manuals and articles will never be enough to plan, produce and verify your aerospace projects. That's where ConsuNova comes in. Our training solutions are run by the most experienced leaders in the industry, and include interactive training sessions, engaging scenario reviews, and dedicated open Q&A time.

FOCUSED TRAINING SERVICES

DO-178C Training

Full development life-cycle of DO-178C, including Optimized Planning, Verification and how to achieve fast and successful DO-178C Audits.

DO-254 Training

Comprehensive training on critical DO-254 aspects effecting highly critical Systems Certification and Planning through DO-254 Verification & Audits

ARP 4754/4761 Training

Objectives coverage of the Aerospace Recommended Practice (ARP) for aircraft systems development and avionics safety and how to achieve systems certification.

OnDemand Training

Video library of modularized DO-178C, DO-254, ARP 4754 and 4761 training courses and workshops accessible anytime and anywhere you need them.

FEATURES	CONSUNOVA	OTHERS

COMPREHENSIVE TRAINING SOLUTIONS FOR AVIONICS APPLICATIONS

ATTENDEES RECEIVE

- Complete Training Manual
- One FREE Process Template
- Training Certificate

TRAINING VALUES

- 18+ Customizable Topics
- Industry's Best Practices
- World's most experienced instructors
- Up-to-date Certification contents

WHO SHOULD ATTEND

- Software Engineers, Hardware Engineers, Systems Engineers
- Managers, Quality Assurance

FEATURED SERVICE:

ON-DEMAND VIDEO PLATFORM

Created by expert FAA DERs and EASA CVEs

24/7 access to DO-178C, DO-254, ARP 4754A/4761 video guides

Always up-to-date with latest FAA & EASA Memos & Guidance

Multiple two-hour-long focused topics made for at-your-own-pace learning, when & where you need them

Searchable terms allow tailored training for your exact needs or industry specialty

Deep-dive in modules where examples, samples and elaborations are required

Measurements of workforce learning progress

Industry metrics provided within applicable modules

Added optional packages provide complementary learning coverage and savings

About ConsuNova

ConsuNova was founded to provide engineering services, processes and tools that support compliance and certification within the Aerospace market. Our mission is to add value to our customers' lives and help them fulfill their invaluable duties. We focus on accuracy, completeness and efficiency to help customers achieve their goals.
